USB 3.0 Type A to Micro B Cable

CABU31

Description

The CABU31 USB 3.0 Type A to Micro B Straight cable features thumbscrews on either side of the Micro B connector to provide a secure connection to Thorlabs' USB 3.0 compatible products. The cable measures 3 m (118") in length and supports USB 3.2 Gen1 5 Gbps data rates.

The CABU31 is compatible with all Thorlabs USB 3.0 cameras. One CABU31 cable is included with certain camera models.
